VOL XVIII.--NO. 77 PORTLAND, OREGON: FRIDAY, MAY 3, 1878. PRICE—TEN CENTS.

GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Hunting Hunters—Found Dead

OMAHA, May 2—A party of four hunters consisting of L L Holbrook two brothers named Sutton, and a man named Allen who were hunting on Dismal river about 150 miles northwest of Kearney Junction in that part of Nebraska that has not yet been divided by county lines, not having been heard from in ten weeks, a searching party left Kearney some days ago to go out after them. The stage that arrived in Kearney Tuesday evening brought word that the bodies of Holbrook and one of the Sutton brothers were found on Saturday last in their camp on the Dismal, about 25 miles above Lena the latter being five miles from the mouth of the Dismal. They had doubtless been murdered by a rival hunting party, as it is known that a feud had existed between the two parties for some time past. One of the men suspected of being concerned in this murder has jumped the country. The murder was committed about two months ago Allen and the other Sutton are yet missing

Court-Martial of Gen Kautz

At the Kautz court-martial to day the defendant, Gen. Kautz, offered a special plea in bar to the effect that the charges against him did not constitute a military offense for which he should be tried The court overruled the plea, and then Kautz entered a general plea of not guilty and the taking of testimony was begun.

Destructive Explosion.

CHICAGO, May 2—A destructive mill explosion is reported in Minneapolis several mills destroyed and several persons killed

MINNEAPOLIS, May 2—At 7 o clock this evening the city was shaken by an explosion which was traced to the group of flouring mills situated just above St. Anthony's falls. The explosion came from the Washburn mill, and was followed by a crash which crushed the structure A secondary explosion instantly destroyed the Thompson & Hoyt and Humboldt mills and the flames immediately burst out, communicating to the flouring mills, those of Petit, Robinson & Co Dahl, Ankeny & Co, L Day & Son Dorr & Rollins, Buell Newton & Co Gorton, Hayward & Co., the Washburn A & B mills, and lesser structures The destruction from the shock of the explosion extend ed much further, glass being wrecked for several squares and buildings shaken through out the city. At 8'30 the conflagration was raging within those limits The theory of the explosion is that it took place in gas generated in the patent middlings purifier The loss of life is undoubtedly great but full details are lacking in the confusion that surrounds the scene. The first rumors made the dead 70 to 80, but this is not borne out by inquiry. The explosion took place at the hour of changing the day for the night hands and many of both were undoubtedly in the building.

O'Brien's Funeral.

SAN FRANCISCO, May 2.—It is now stated that the funeral of W S O'Brien will take place from St. Mary's cathedral at 10 A M Saturday.

The Psi Upsilons.

ROCHESTER, May 2.—The 45th general convention of the Psi Upsilon College fraternity met this morning. A large number of graduates are in town, and telegrams of congratulation were received from prominent members from Maine to California

Dead and Insolvent.

NEW YORK, May 2.—Intimate friends of John Morrissey say his property will not reach over $30,000, and that the estate will not make up his indebtedness.

The Mission to Sitting Bull's Camp.

LEAVENWORTH, May 1—The party of Indians who left Camp Joseph Monday for Sitting Bull's camp were Yellow Bull brother-in-law of White Bird, Hauses Kutt a preacher well known in General Howard's reports, [illegible], a brave noted for his truthfulness. Ben Clark, who accompanied them, is an old Cheyenne scout, and will go with them as far as Bismarck, where he is to join a party of three hundred Cheyennes This party is expected here some time in July The Nez Perces chiefs, after leaving Bismarck will be accompanied by a guide, going via Fort Benton and Fort Walsh, where they will meet White Bird and consult with him regarding the state in which they left Chief Joseph and his warriors together with the women and children. It is thought the conference will result in the consent of White Bird and his followers, consisting of about 1 0 braves, to join the fortunes of Joseph's band The disposition has been for some time a matter of doubt, now it is nearly sure that the entire tribe, as far as they can be secured will be sent to southwest part of Indian territory during the summer

The Communist Programme

CHICAGO, May 1.—Interviews with prominent communists here elicit the statement that the outbreak which they anticipate will occur first in San Francisco and thence radiate. The movement is said to be strongest there, and in Pennsylvania and Massachusetts it has the next strongest supporters

ST. LOUIS, May 1.—Socialists are arming here under a recognized head, claiming they only intend to protect their meetings from being broken up by the police. The party is from five to six thousand strong here

Morrissey's Funeral.

SARATOGA, May 2—Morrissey's funeral will take place at Troy on Saturday.

Warm Times on the Borders.

SAN ANTONIO, Tex., May 2—Gen Machorro and several officers of Leredo left here this morning for the Rio Grande to inaugurate a revolution. There is great feeling of discontent along the frontier Escobedo is now in Texas fomenting troubles. Gen Ord is distributing troops on the Recos so as to intercept Indians from the reservation

A Terrible Tale—Chinese Famine.

NEW YORK, May 1—A correspondent of the Evening Post, writing from Tokio sends the following under date of April 5th The famine in northern China rages with increasing severity, and the most dreadful reports come from the afflicted regions. In one town a man opened a shop for the sale of human flesh, and did a good business in cannibalists' joints and roasts, till the mandarin authorities caused the shopkeeper to be arrested and beheaded.

Minister Seward telegraphs the department of state that the famine in the northern provinces of China will continue six months longer. Funds for the relief of sufferers, if transmitted by telegraph, can be disbursed by a foreign committee or by the committee at Peking.

Hunting Work.

HARRISBURG, Pa., May 2.—The house of representatives this morning adopted a resolution calling on senators and representatives in congress to devise means of aiding and encouraging the immediate building of the Texas Pacific and Southern Pacific railroads, that a portion of the surplus labor in the country may be employed

Watching the Cimbria

PORTLAND, Me., May 2.—The British consul here has gone to Southwest Harbor to watch the movements of the steamship *Cimbria*

WEST INDIES.

Rumored Surrender of the Insurgent Chief

HAVANA, May 2—Credible rumors prevailed since yesterday of the surrender of Maceo, Cuban leader It is supposed that the government has such intelligence but defers its publication until all the facts are known

Refugees Returning—Peace Prospects

HAVANA, May 2—Cuban refugees continue to flock back to the island Over one hundred have just returned from Key West Rumors of the surrender of Maceo are received with much gratification and a better feeling prevails among merchants and planters over the prospects of complete pacification

WASHINGTON CITY

The Blair Business

CHICAGO May 2 The *Inter-Ocean's* Washington special says Blair's friends in the house are engaged in preparing a plan to bring the presidential question before the house Private conferences have been actively carried on between these members and Blair Further developments and additional documents are promised soon

The senate judiciary committee yesterday took up the Blair memorial and discussed it informally The committee is unanimously in favor of making an adverse report to the senate Even the Democratic members opposed further agitation of the question and were in favor of indefinitely postponing

The Education of the Blind

WASHINGTON May 2—The house committee on education and labor was wholly occupied to day in listening to the argument on a bill to aid the education of the blind which several weeks ago had been made a special order for this meeting and could not well be postponed as parties had come from a distance to make their argument This circumstance prevented the sub committee on the Chinese question from presenting their report for consideration to day but a special meeting of the full committee is promised for Monday next and there is a good prospect that final and favorable action will be taken on that day or, in any event, at the regular meeting next Thursday

Recommended for Passage

The bill granting additional homestead rights to homestead settlers within the limits of railroad or military wagon road grants was to day reported from the senate public lands committee with recommendation for passage and placed on the calendar It provides that all even numbered sections within the reserved limits of such grants shall be opened to homestead settlement in tracts of 160 acres and that homestead settlers who have been heretofore restricted to 80 acres may enter 80 acres of adjacent public lands or surrender their original entries and acquire title under the homestead laws to 160 acres elsewhere In either case however, they are to be credited with their residence and cultivation of land embraced in the original entry, and to be exempt from the payment of any additional fees

Appropriations for Clerk Hire

WASHINGTON, May 2—The appropriations granted by the house for clerks in the Pacific coast surveyors general offices are as follows California $10 000 Oregon $4 500 Washington $4 000 Nevada $3 000 Idaho, $2 500 Montana $3 000 Utah, $3 000 New Mexico $5 000, Arizona, $3 000 The salaries of surveyors general are uniformly fixed at $2 500 each

The Steamboat Bill.

The senate committee on commerce to day continued consideration of the steamboat bill and struck out the clause limiting personal liability of steamboat owners The clause making the certificate of steamboat inspector *prima facie* evidence in courts of law was also stricken out, and the bill was then referred to Senators Spencer, Dennis and Randolph as a sub committee to report

A Move to Abolish Surveyors General.

When the house was considering the general appropriation bill Wigginton offered an amendment providing that after next month all United States surveyor generals offices should be abolished and their archives turned over to their respective states and territories and that the necessary surveys should thereafter be made by engineers permanently employed by the interior departments Wigginton expressed the opinion that these offices are utterly useless to the government and against the interests of settlers

Argument for More Clerks.

During the consideration of the general appropriation bill by the house to-day, Representative Page moved to increase the item for clerks in the office of surveyor general of California from $10,000 to $15 000 and made a brief argument in support of his amendment

Baptist Bill Rejected.

The senate commerce committee to day reported adversely on the bill introduced by Senator Hoar authorizing a Baptist association of Puget Sound to own and navigate a vessel of less than fifteen tons burden without being subject to the general navigation laws

Disposition of the Florida Frauds

WASHINGTON April 2—It is not yet decided by the gentlemen having in charge the alleged Florida presidential frauds whether they will propose an investigation by the house committee on judiciary or by a joint committee of congress and to consist of six members of the house and five members of the senate They say they have the original affidavit of McLin and other documents embracing all the material facts from all parties interested in the alleged frauds A resolution for the investigation may be introduced next Monday or on some other day as a question of privilege

Federal Appointments

WASHINGTON May 2—The president nominated Luther P Cummings of New Jersey Indian agent at San Carlos agency, Arizona and E H Morrison of New Jersey register of the land office in Washington Territory

In accordance with law recently passed for the employment of temporary clerks between 60 and 70 persons were appointed to such positions in the treasury department The appointments were determined by completeness of the quotas of different states A large number of clerks have also been restored to the interior departments under recent appointments

Quieting Title.

During last night's session of the house Kirkwood advocated the passage of the bill to investigate the late presidential election based upon Blair's resolution He could not subscribe to the policy of some Democrats that it were better to let the matter stand as it was

PARIS INTERNATIONAL EXPOSITION.

PARIS May 1

After the formal opening, and just as the cortege, headed by President MacMahon and the Prince of Wales, moved from the gallery of the palace into the open space where a long line of troops stood at ' present arms ' large drops of rain began to fall and umbrellas and overcoats for a moment hid the gorgeous uniforms and decorations of the princes and dignitaries forming the procession from the view of the spectators. The rain all, however lasted only a few minutes, and the march over the bridge of Jena to buildings in the Champs de Mars was continued without further inconvenience As the procession was passing from the Trocadero palace to the Champs de Mars the crowd became most enthusiastic and loudly cheered each well known person Then a brilliant company in the diplomatic gallery headed by the Duchess of Magenta and ex Queen Isabella of Spain, filed out through the Trocadero palace entered carriages and were driven away Thousands of spectators then moved through the corridors of the palace taking possession of the official tribune looking down upon the grand spectacle of the exhibition grounds which were filled with dense masses of people moving to and fro from the Trocadero to the Champ de Mars

Early in the evening the avenues and boulevards were crowded with vehicles and foot passengers Later the streets were impassable in many places in consequence of the immense crowds assembled to witness the illumination which was beautiful in the extreme Many buildings in every quarter of the city were decorated with flags of all nations The American colors were abundantly and conspicuously displayed

CANADA

Quebec Election

Purchasing Steamers for Cruisers.

CRONSTADT May 2—It is stated that several steamers lying at Revel have been purchased by the Russian government for the purpose of being converted into cruisers Three vessels which left Revel a week ago are the property of the Russian admiralty, and have gone to America to receive their armaments which will be provided by American firms and receive on board the seamen who departed a short time ago

BY ATLANTIC CABLE

The Strikes in England

LONDON, May 2—A telegram from Blackburn says the lockout contemplated by masters will embrace the main artery 70 miles long from Ulverston to Colne with branches far and wide The strike is mostly ended at Church and Accrington but elsewhere the spirit is becoming more uncompromising. Masters declare that they have gained to the extent of 10 per cent by clearing off their surplus stocks at better prices than could have been obtained if the mills had been working From 2 000 to 3,000 weavers met at Darwin Wednesday and reaffirmed they would only accept reduced wages if coupled with reduced time and would not even communicate with the masters at present.

BLACKBURN, May 2—The operative cotton spinners adjourned. Although complaining of hunger, they seem to be perfectly firm They regard the intended lockout as a God send because it will bring about a crisis quickly

LONDON, May 2—A committee of the Manufacturers' Association met privately at Ashton under Lyne last night It is stated they decided to give notice of a reduction of wages Operatives are highly incensed The parish authorities at Burnly have refused to relieve any persons who are suffering in consequence of the strike Large crowds gathered in the streets, but order was fairly maintained

Bank of England.

LONDON May 2—Bullion in the Bank of England increased £61 000 pounds the past week Proportion of the Bank of England's reserve to liability which last week was 44 per cent, is now 62 9 16 per cent

London Stock Market.

In stock markets prices have fallen away under the influences of continental bourses and discouraging political news Among foreign securities Russian suffered most

Murders in India.

CALCUTTA, May 2—Cooper British political agent at Bhamo in the kingdom of Burmah, and two Sepoys have been murdered by the Sepoy guard The assassins have been arrested There is no reason to suppose the assassination was the result of a native political plot

CONGRESSIONAL.

Senate

WASHINGTON, May 2

Conkling from the committee on commerce reported adversely the house bill to provide for U S vessels hailing from places where they are owned or built indefinitely postponed

Ferry Paddock and Saulsbury were appointed a conference on advertising mail lettings

At the expiration of the morning hour the senate took up the bill to repeal the resumption act

Ferry in charge of the bill read a lengthy argument in favor thereof.

Ferry explained the amendment of the finance committee to the bill repealing the resumption act The equivalency of gold and greenbacks was hastened by the passage of the silver bill Should the bill reported by the finance committee pass it would give the country $990 000 000 It would restore commercial confidence and make the people the bondholders He did not anticipate any scarcity of gold, and believed gold and paper would be at par by July 1st. He said New York city did not possess all the wisdom of the country in finance matters

Voorhees read a lengthy argument in favor of repealing the resumption act He recited the woes inflicted by the act referred to the gold room as a mob of gamblers and said the government could not redeem $500 000 000 with gold on a week's notice from to day He favored the amendment compelling the secretary of the treasury to accept immediately U S notes for import duties He said the farmers had a gloomy future who must pay mortgages on their farms in coin Congress ought to legislate so as to secure the farmer his home mechanic living wages and not lecture the poor man who worked from dawn to dark on economy Those who favored resumption fostered communism Nothing would be hailed with so much joy as the repeal of the resumption act It would restore tranquillity and bring happiness

Thurman from the committee on judiciary reported back the bill to repeal the bankrupt law with amendment perfecting the clause in regard to rights not to be affected by repeal of the law and retaining the amendment adopted yesterday providing that the repeal of the law shall take effect January 1 1879 ordered as amendment to be printed and the bill be laid over until to morrow

The amendment to the bill as reported by the committee provides that the repeal of the law shall not affect pending cases and all future proceedings therein, and in respect of all pains, penalties and forfeitures which shall have been incurred under any of said acts prior to the day when this act takes effect or which may be thereafter incurred under any of those provisions of any of said acts which for the purposes named in this act are kept in force and all penal actions and criminal proceedings for violation of any of said acts whether then pending or thereafter instituted, and in respect of all rights of debtors and creditors except the right of commencing original proceedings in bankruptcy and all rights of and suits by or against assignees under any or all of said acts in any matter or case which shall have arisen prior to the day when the act takes effect which shall be on the 1st day of January 1879 or in any matter or case which shall arise after this act takes effect in respect of any matter of bankruptcy authorized by this act to be proceeded with after said last named day

House.

The bill reorganizing the life saving service was referred to the committee of the whole and made a special order for May 9th

Dunnell reported a bill permitting Canadian vessels to render aid to other Canadian vessels wrecked in waters of the United States passed

Wright advocated his bill for a government loan to laboring classes to make settlements on public lands

Chalmers favored the Texas Pacific railroad and other southern improvements It was a necessity of the country and if northern Democrats fear to do justice to southern Democrats the latter may be displaced by Republicans next election To the silver men he said that the south is the producer of her gold staple but she united with them through sympathy and now appeals to them to sympathize with her to build up the waste places of the south give them an impetus to that portion of the body politic emaciated by war and the currency accumulated at money centers like [illegible] unnaturally forced to the heart will be gently diffused through the paralyzed limbs

Death of W S O'Brien

SAN FRANCISCO May 2 A dispatch from San Rafael says that at 6 o'clock this morning W S O'Brien began failing rapidly until the hour of his death 2 10 P M when he passed away suddenly and peacefully retaining his faculties until the last Mr Flood was summoned to his friend and partner's bedside early this morning going over on the 9 o'clock boat Dr Hubbard was in attendance and Con O'Connor and deceased's relatives were also present Col Fair who has returned to the city from [illegible] had intended to go over to day but at the time of O'Brien's death was still here The time for the funeral has not yet been fixed but it is supposed Sunday will be designated Deceased had recently erected a handsome mausoleum in the Catholic Calvary cemetery where his remains will be deposited At the time when a division of the property of the firm was made, about a year and a half ago the mining stock of the firm was excepted and that still remains in common under the management of Mr Flood The arrangements between the members of the firm are such that the death of O'Brien will have no effect whatever on the business affairs of the house which go on as usual without interruption It is known that Mr O'Brien recently made a will but its conditions are yet unknown though it is reported that his partners are made executors and that the bulk of the property is devised to relatives It is also rumored that the charities of the city are handsomely remembered

Sale of the Steamer Coquille.

SAN FRANCISCO May 2—The steamer *Coquille* on the route between this port and Humboldt bay, has been sold to the Costa Rican government The price is $28 000 the first installment of which was paid last Friday It is said she will be used as a mail boat She is not fitted for warlike purposes On her return from Humboldt in a day or two she will be at once transferred, and refitted for the service

Kearney Denounced by his Pals

The county central committee of the Workingmen's party last night passed strong resolutions denouncing Kearney for his conduct in refusing to submit to a majority of the county and state committees, for using foul language for his effort to make himself dictator and calling for a state convention at which one man power will be rendered impossible

Shoving the Queer.

SAN FRANCISCO May 2—Last Sunday Thos I Rice and Barney Hoffman were arrested for passing counterfeit half dollars From clues obtained from papers found on their persons U S Detective Finnegass discovered in their workshop on Minna street, between Third and Fourth a quantity of metal and new counterfeit coin and dies and other implements

NEVADA.

Militia Election—Heavy Betting.

VIRGINIA May 1 The Emmet Guard election which took place to night resulted in the election of John A Young as captain over John Kelly by a vote of 54 to 42 The Young party won $7 450 in bets Great excitement prevailed Kelly gave his friends $2 000 to bet Some $15,000 changed hands with the military companies of San Francisco To night all the victors are having a grand champagne blow out at their hall.

OREGON

There are now fifteen ocean going sail vessels in port at Seattle the largest fleet ever seen there at one time

J B Rickey and son of Salem have purchased 1 000 head of cattle in Eastern Oregon for a California stock man

Total amount of taxable property in the city of Albany for the year 1878 as footed up by the city assessor is $[illegible] 522—or just $2 478 less than one million

The Skagit river country is said to be settling up rapidly Many choice claims as far up as Baker river a tributary a distance of some twenty miles from the mouth have already been taken

On Tuesday afternoon at Salem the closing exercises of the school for deaf mutes took place Mr Tuck is principal of the school and is assisted by his wife Rev P S Knight general superintendent There have been twenty six pupils in attendance male and female

The commencement exercises of the Willamette University of Salem will be held in that city on the 13th of June 1878 The following is the graduating class of 1878 Addie Scriber, Mary Strong Lizzie McNarry Cora Dickinson Etta McKinney Emily Parmenter Emma Hovendon Geo I Hughes, Dan Stouffer, Richmond Kelly Chas Johns Eugene Willis, Walter Graves, Oscar Nelson Robert Miller and Geo B Gray

Salem *Record* Here's richness again It is charged that Mr Beekman has been guilty of claiming a great deal of swamp land, and that seems to be the only sin laid at his charge (except being an honest banker) But now the counter charge comes that Walt Thayer has laid claim to two acres of swamp land where Beekman has made application for one As both of these gentlemen are swamped so early in the game somebody ought to hunt up the record of our old friend Wilkins, the Greenback candidate

Three or four years ago the body of an old man named Creed Doss was found in a grove near the capitol building at Olympia, where as is generally supposed, he was inveigled and murdered for his money The legislature of 1875 passed an act authorizing a reward of $750 for the detection and arrest of the guilty party, or parties And now one H Palm, has been arrested on suspicion of being an accomplice in the crime and after a protracted examination has been held to appear at the next term of the district court when the case will be further investigated by the grand jury The evidence against him is purely circumstantial

WASHINGTON TERRITORY

I W Davenport of Silverton Oregon is surveying the town site of Colfax, the metropolis of the Palouse country

A NOLTNER
State Printing Expert
SALEM Or March 8 1877

From the foregoing tables it will be seen that Mr Noltner as expert reported and approved of the foregoing tabulated amounts which by comparison with a true estimate as will be seen by the corresponding tables, show a reduction on the

Report of secretary of state of	$360 33
Report of state treasurer	389 76
Report of state librarian	308 91
Report of supt of public instruction	446 50
Senate journal	689 00
House journal	873 20
Session laws	660 50
Total reduction.	$3 728 25

Making a total reduction on the seven items of nearly one third

My measurement is made under the same law as that of Mr Noltner viz Section 7 chapter 47 page [illegible] code of 1872 The main difference in the bills will be found in the items of paper and presswork —the state printer fraudulently charging for four reams of paper when only entitled to one and doubling up on his presswork House joint resolution No 40 page 236 session laws of 1870 defines a ream of paper as follows A ream of paper shall be understood to be of the following dimensions and quality to wit In weight not less than forty four pounds, and each sheet to be not less than twenty four by thirty eight (24x38) inches in size The method of utilizing a ream of this paper is by cutting it into quarters and making four reams [illegible] x19 inches in size the cutting part however is generally dispensed with that condition of the paper being only imaginary for the convenience of ledger entries

As to presswork the Session Laws of 1874 page 83 provides that eight pages to the form shall be counted The bills show that the printer has charged at the rate of four pages to the form or double the lawful allowance most of the work was printed eight pages to one impression and should have been charged for at that rate The reduction of the journals does not include the $408 80 heretofore deducted on account of unlawful 'spreading' out such as making numerous break lines in a sentence

The above measurement includes only about one third of the printing incident to the session of 1876 The balance can be correspondingly reduced by an honest and legal measurement.

Any one familiar with the printing business can measure the work for himself and be convinced of the unlawful charges W P READY

FRIDAY MORNING, MAY 3, 1878.

FATAL OBJECTIONS.

The capital objection to the railroad bill which recently passed the senate is found to be in the restriction as to rates at which lands may be sold. It is found that this renders the bill almost without value to the company. No money can be raised in New York on such basis. The bill proposes that actual settlers on lands embraced within the grant who shall have settled on such lands prior to the completion and acceptance of the section of road opposite thereto, and all settlers on any lands remaining unsold within the limits of the grant at the expiration of eight years after the section of road opposite thereto shall have been completed,—if the lands by that time shall have been surveyed by the government, and if not, then at the expiration of eight years after government surveys shall have been extended over them,—shall have the right to purchase the lands of the company at the maximum rate of two dollars and fifty cents an acre.

Herein are complications and restrictions which are fatal to any effort to build a railroad. It is found that no money can be obtained on a grant hedged about with such conditions. For the best lands, which the road as soon as constructed would render worth from ten to twenty dollars an acre in the market, or even more, the company can receive but $2 50 an acre; and it is obliged to await the slow movements of government in making surveys before it can realize anything. Of course all the good lands will be occupied in advance of the construction of the road; but as such lands will be only a small proportion of the whole grant, their sale at the price fixed will bring in no sum of money at all commensurate with the great demands for construction of so long and expensive a line. Finally, as if to cut off the last resource, the provision in regard to sale of remaining lands eight years after the road has been completed, or eight years after government surveys have been made, is inserted.

Any person who examines the full bill, which is now before us, can easily see how impossible it is under these and other conditions which it requires, to make use of it to any good purpose in building the Northern Pacific railroad. Telegraphic reports, on which first information and judgment were based, did not give a full account of the bill. But after having examined the bill at length, we do not wonder that the Northern Pacific company decide that it is useless to them. Notwithstanding all the talk of agreement on a bill, it turns out that Mr. Mitchell succeeded in forcing enough objectionable features into it to make it impossible for the company to build any road under it; and therefore they repudiate it.

If a road is wanted why not extend the grant on terms which will secure the result? If it is not wanted these efforts to embarrass it are completely fulfilling their object. To execute a work so vast all possible aid that could be afforded by a land grant will be necessary; and even then progress is likely to be difficult and slow. If the road be not worth a gift of the public domain let it be so stated plainly. But away with all professions of desire for a road, when such professions are followed up by action which renders the result clearly impossible. Mr. Mitchell will be but a few months longer in a position which will enable him to pursue this course to the detriment of Oregon and the whole northwest. The people of Oregon are going to vote for members of the legislature next month largely with a view to this subject. Candidates will be called out on the question, and those who do not render satisfactory answers will everywhere be defeated. The spirit exhibited by the signers of the paper in Marion which THE OREGONIAN printed the other day pervades the whole people of the state. They want a railroad and are tired of being played with.

OUGHT NOT TO BE ABOLISHED.

A strong movement is making at Washington to abolish the office of surveyor general of the United States in each of the states and territories where such office now exists, and to provide that the surveys shall be directed from the general office at Washington. It is urged that this is necessary for several reasons, chief among which is the desirability of breaking up the system of jobbing in surveying contracts under which politicians have been paid for political services and contractors have been made a prey for harpies who have forced them to pay a bonus for nearly every contract they have received. But this species of extortion and robbery has already received a severe check in the reduction of the rates paid by government for surveys. Contracts cannot now be farmed as formerly, because they will not bear it. If it be necessary to provide any further checks to this scandalous system let it be done; but in each of our new states and territories there is need of a surveyor general of the United States, and the office should not be abolished. In our own state there is now more need of this office than ever before, because there is immediate want of numerous surveys in different localities, mostly in small contracts to accommodate growing settlements; and the matter cannot possibly receive that attention from Washington which it ought to have. The country, in consequence, will be subjected to much inconvenience; the wagon road grants, the limits of which are not yet defined. The people who are invited to settle the country should be protected against annoyance and loss. In behalf of settlers and the general interests of the country we trust, therefore, that the surveyor generalships will not be abolished. Put them on a proper basis and prohibit the selling or farming of contracts by severest penalties. Then let them be continued as a convenience and advantage to the country, until the public domain is so far surveyed and occupied that the service is no longer required.

THE INCOME TAX.

The Chicago *Tribune* does good service in combating the serious error made by unreflecting people in regard to an income tax, namely, the delusion that the tax under the law proposed will fall exclusively upon those who have incomes exceeding $2,000 a year, because that sum is to be ostensibly exempt in the collection. The western farmer, it says, who does not earn more than $1,000 a year may persuade himself in the innocence of his heart that this tax will not reach him. But as a matter of fact he will feel it in proportion to his means as much as any one else. As a producer of grain, wool or live stock, the prices he receives are largely determined by the cost of getting his produce to market. Transportation, storage and commissions are always deducted before he gets his pay. But the income tax falls on these incidents. The railroad companies and the warehouse corporations are required under the law to pay the 2 per cent. tax on their receipts before dividing their earnings. This tax will be an excuse now, as it was when it prevailed during and after the war, for imposing extra charges double or thrice the amount of the tax levied. The commission men and millions who pay the tax on their incomes will follow the same rule. Every dollar of the tax on these interests, then, though nominally paid by corporations, millers, drovers, and business firms, falls directly upon the farmers, including those whose incomes do not exceed $2,000. Those farmers who earn more than this sum must pay an additional tax on their surplus income. Hence not a single person engaged in farming can escape this tax, whether his income be large or small. It will come out of him in the end.

Over and above this argument it may be added that it appears the reverse of good policy to "exact through offensive espionage of private affairs a special tribute from all citizens who are enterprising, industrous and frugal enough to secure an income in excess of $2,000, for the purpose confessedly of reducing one of the fairest and least burdensome of all national taxes,—the excise on tobacco."

Some very interesting reading in regard to the manner in which the state printing has been executed and excessive charges made for composition, paper, etc., will be found in the communication furnished by Mr. W. P. Keady, of Salem. There is an exhaustive analysis of a portion of the work, showing that nearly one-third of the charges made by the printer and approved by Mr. Noltner are in excess of what the law allows. There is further exposure of the swindle perpetrated by folding paper so as to charge the state with four reams where only one ream was used. Mr. Keady is a well known and competent printer of Salem. Mr. Noltner is unfortunate in being a candidate for printer so soon after having aided and abetted these raids on the treasury.

In all parts of the state there are a good many people who would like to know what position the candidates for the office of superintendent of public instruction hold in regard to the school book question. The fraudulent and worthless Pacific coast series should be expelled from our schools as soon as possible; and this might become a consideration in the election of a superintendent. There are great numbers who would not knowingly support anyone for the position who would treat this pseudo series with favor.

London correspondence of all the great eastern dailies agrees in representing "society" in the British metropolis as thoroughly anti-Russian, and to such an extent that the czar's ambassador is hardly treated with respect. The average English officer is represented as waxing and twisting his mustache, and longing for the time when, in American phrase, he can "chaw up" a dozen or more of the Tartars, as he terms the Russians.

Decidedly Against Annexation.

[From the Columbia Chronicle, Dayton, W. T.]

For scheming politicians to attempt to make our county the tail end of Oregon is too much, and a unanimous voice would be heard from every valley and hill-top against such a scheme. It would certainly have been well for Mitchell to have waited until the people of Columbia and Walla Walla counties *asked* for his services and the music of his silvery tongue in regard to annexation. Our county is out of debt, our scrip is worth its face in greenbacks or silver, neither our county or territorial taxes are high; then why should we be annexed to a tax-ridden state like Oregon, whose citizens are groaning under an enormous state debt? It is merely the work of a few political wire pullers, and they had as well quit now.

Effect of Mrs. Tilden's Confession.

[From the Chicago Tribune.]

"Busted, by thunder!" said the editor of an esteemed Democratic contemporary in the wilds of Indiana, when the news reached him. "Mrs. Tilden has confessed, and all the bottom facts about Cronin and the income tax will come out." And he rushed to the telegraph office and sent a dispatch to Mr. Hendricks to say that Mrs. Tilden's admissions had put Sammy out of the way forever and ever, amen.

The carpet-baggers, Conover and Spencer, Patterson and Dorsey, nobody will be surprised to hear, always voted with Jay Gould's friends on railroad questions.

FRIDAY MORNING, MAY 3, 1878.

CITY.

THE FIRST FIRE BELL.—The old cracked bell that once occupied a place in the bell tower that stood on the levee, and concerning which tower and its removal Portland had the only real riot that ever occurred in her limits, has just been sold to the foundry to be melted up as old metal. After the removal of the tower and the erection of the house for Willamette Engine Company No. 1, the old bell was placed in the tower of that house and came to be recognized as a part of the property of that company, though it had first been bought by private subscriptions raised among the citizens generally by that "ancient and accepted" fireman, Joe Buchtel. It never was the property of the city, we believe, though at first used as a public alarm bell and not for any particular engine company. After it was placed on the tower of No. 1's house for years its clanging tones, rendered doubly alarming by a crack which extended its entire height, called the members of that company to their monthly deliberations and to their post of duty in case of fire. A few days ago it was taken down, and ere now its metal has perhaps been melted out of all identification. The proceeds of its sale, amounting to about 30, will be used in defraying the expenses of a social gathering to be given by the members of the company before long.

ORDINANCE LOST.—In Wednesday's issue mention was made of an ordinance which was to be presented to the common council, authorizing the committees on fire and water and streets to appoint a suitable person to personally superintend the building of the brick walls of Willamette Engine Co.'s new house, and to see that the work was done in strict accordance with the plans and specifications. The ordinance was presented on Wednesday evening, passed without opposition to its third reading, but was lost. It occurs to us that the money required for the employment of a competent person to superintend the masonry work could not possibly be expended to a better purpose. The work, if done properly at the start, may save the city a good deal of money in the way of future repairs.

INSTALLATION—ELECTION.—At the last regular meeting of Nonpareil Lodge No. 86, I. O. G. T., the following list of officers were installed by S. D. G. W. C. T., W. H. O'Donald, assisted by G. L. Deputies John B. Garrison and W. H. Greufell; E. W. Ryan, W. C. T.; Miss Anna M. Stearns, W. V. T.; W. S. James, W. Sec'y; Miss Lizzie Merrill, Ass't Sec'y; G. E. Porter, F. S.; Mrs. S. T. W. Stearns, W. T.; C. A. Wheeler, W. C.; Jos. Huey, W. M.; Mrs. Sarah Lucas, I. G.; John Bitner, O. G.; Mrs. M. E. Virgil, R. H. S.; Mrs. Dr. A. C. Burr, L. H. S.; W. A. Robinson, P. W. C. T.. At the same meeting the following persons were elected as representatives to the grand lodge: E. W. Ryan, C. A. Wheeler and W. A. Robinson. Alternates—Miss Anna M. Stearns, Miss Lizzie Merrill and Mrs. Julia Simpson.

LEG BROKEN.—Mr. Geo. Watkins, formerly of the firm of Parrish, Watkins and Cornell, of Portland, who is at present residing near Scott's postoffice, in Wasco county, recently met with a painful accident. The horse which he was riding fell down and upon his leg, breaking the bones in an uneven, jagged manner and pressing both ends through the flesh. Sixteen hours elapsed between the time of the occurrence of the misfortune and the arrival of a physician. His suffering in the interval was terrible, and the delay will make an effectual cure almost impossible. Mrs. Watkins had come to Portland a day or two before to visit her parents, who live here; but on hearing by telegraph of the accident, she started for home Wednesday morning.

PRISONER RECAPTURED.—Four prisoners effected an escape a short time since from the jail at Port Townsend, named respectively, Henry L. Sutton, Robt. Foliar, Frank Albright, and an Indian. Sheriff B. S. Miller, of Jefferson county, has been unremitting in his efforts to recapture the escaped prisoners. He has thus far, succeeded in recapturing three,—the Indian, Albright and Foliar. The last named prisoner was arrested a few days ago at Astoria by the city marshal of that place, Sheriff Miller having sent a description of the man. Yesterday evening, Sheriff Miller arrived here from Astoria, having Foliar in custody. Officer and prisoner will start for the Sound this morning.

CITY SEAL.—Over a month ago the common council adopted a design for a city seal. As the work could not be done in Portland, it was necessary to send the design to San Francisco to have the die properly engraved. Some weeks ago the drawing was sent below, since which time nothing whatever has been heard of the seal. At the time, it was said that the work could be accomplished inside of one week at the furtherest. There seems to be an unnecessary delay in executing the work in San Francisco. The fault does not rest with the auditor here, as he has done everything in his power to hurry matters forward. However, the seal may be expected to arrive here any time.

A GOOD ORDINANCE.—Only a few days ago there was a short paragraph in THE OREGONIAN, calling attention to the practice of dragging heavy timber over the streets, and adverting to the damage resulting to the pavement. Acting upon the suggestions made in this journal, Councilman Lambert introduced an ordinance at the last meeting of the common council, which prohibits the dragging of timber along the improved thoroughfares of the city. The ordinance was read three times and passed unanimously. The ordinance is an excellent one, and its rigid enforcement will tend much to keep the streets in better condition.

QUICK TIME.—Last Tuesday morning the steamship *Oregon* sailed from this port for San Francisco with freight and passengers at a quarter to 5 o'clock. Astoria was reached about noon that day, and at 2 o'clock the vessel crossed the bar. She arrived at San Francisco yesterday morning at 8 o'clock, thus accomplishing the entire voyage from dock to dock in about *fifty-one hours*. This is the quickest time ever made between these ports. Considering the fact that the *Oregon* has just come from a very long voyage and is not in first-class running trim, better time may hereafter be expected of her.

BACK IN MISSOURI.—Yesterday we were shown a letter from Mr. J. B. Dexter, a gentleman well known in this state, who is now a resident of Springfield, Missouri. Mr. Dexter left here several months ago, for the place above mentioned. He is now filling the position of government claim agent, and writes that he is well satisfied with his new situation. At the time of writing, Mr. Dexter was enjoying a good degree of health, and his family was also well. Mr. D. was deputy postal agent for some time under Mr. J. B. Underwood, and is well known throughout this state.

REPAIRS NEEDED.—The hose cart of No. 1 Engine Company has been out of repair for some time, so that the job of taking up the hose which was laid at the alarm last night occupied above an hour. Should an extensive fire break out in the city while the carriage is in this condition, and it should become necessary for the company to move its hose rapidly, the loss for lack of repairs might be a hundred fold what they would cost. The attention of the council committee has been called to the matter, and we hope it will soon be attended to and the repairs made.

VESTRYMEN ELECTED.—At the parish meeting held in Trinity church, Portland, on Easter Monday, the following gentlemen were elected vestrymen for the ensuing year: Dr. R. B. Wilson, Dr. R. Glisan, Hon. Matthew P. Deady, C. H. Lewis, George H. Flanders, John McCraken, Lloyd Brooke, Reuben Weeks, Wm. H. Effinger. The rector has appointed Dr. Glisan rector's warden, and the other warden will be elected when the vestry hold their first meeting, on the first Monday in May.

CALENDAR.—According to the *Churchman* the following is the calendar for May: 5th, second Sunday after Easter; 12th, third Sunday after Easter; 19th, fourth Sunday after Easter; 26th, fifth Sunday after Easter; 30th, Ascension Day.

FRIDAY MORNING MAY 3 1878

CITY.

THE FIRST FIRE BELL.—The old cracked bell that once occupied a place in the bell tower that stood on the levee and concerning which tower and its removal Portland had the only real riot that ever occurred in the city, has just been sold to the foundry to be melted up as old metal. After the removal of the tower and the erection of the house for Willamette Engine Company No 1 the old bell was placed in the tower of that house and came to be recognized as a part of the property of that company, though it had first been bought by private subscriptions raised among the citizens generally by that ancient and accepted ... Joe Buchtel. It never was the property of the city, we believe, though at first used as a public alarm bell and not for any particular engine company. After it was placed on the tower of No 1's house for years its clanging tones rendered doubly alarming by a crack which extended its entire height called the members of that company to their monthly deliberations and to their post of duty in case of fire. A few days ago it was taken down, and ere now its metal has perhaps been melted out of all identification. The proceeds of its sale, amounting to about [illegible], will be used in defraying the expenses of a social gathering to be given by the members of the company before long.

ORDINANCE LOST.—In Wednesday's issue mention was made of an ordinance which was to be presented to the common council authorizing the committees on fire and water and streets to appoint a suitable person to especially superintend the building of the brick walls of Willamette Engine Co's new house and to see that the work was done in accordance with the plans and specifications. The ordinance was presented on Wednesday evening passed without opposition its third reading but was lost. It seems to us that the money required for the employment of a competent person to superintend the masonry work could not possibly be expended to a better purpose. The work if done properly at the start may save the city a good deal of money in the way of future repairs.

[illegible]—ELECTION.—At the last regular meeting of Nonpareil Lodge No 5 I O G T the following list of officers were installed by S. D G W. C T W H O Donald ... G L Deputies John B Garrison ... W. J. Grenfell, E. W Ryan W C T, Miss Annie M Stearns, W V. T, W S James W Sec'y, Miss Lizzie Merrill, Ass't Sec'y, G. W Foster, F. S; Mrs. S T W Stearns W T; C. A. Wheeler, W. C, Jos Huey W M, Mrs ... Lucas, I. G., John Bitner, O G, Mrs ... [illegible], R. H S, Mrs Dr A. C Burr L. H. S; W. A. Robinson P W C T. At the same meeting the following persons were elected as representatives to the grand lodge: E. W. Ryan, C. A Wheeler and W A Robinson. Alternates—Miss Anna M Stearns, Miss Lizzie Merrill and Mrs Julia Simpson.

AN ACCIDENT.—Mr. Geo. Watkins, formerly of the firm of Parrish, Watkins and Cornell of Portland, who is at present residing near [illegible] postoffice, in Wasco county recently met with a painful accident. The horse which he was riding fell down and upon his leg, breaking the bones in an uneven jagged manner and pressing both ends through the flesh. Sixteen hours elapsed between the time of the occurrence of the misfortune and the arrival of a physician. His suffering in the interval was terrible, and the delay will make an effectual cure almost impossible. Mrs Watkins had come to Portland a day or two before to visit her parents, who live here, and on hearing by telegraph of the accident she started for home Wednesday morning.

PRISONERS RECAPTURED.—Four prisoners effected their escape a short time since from the jail at Port Townsend, named respectively [illegible] I. Sutton, Robt Foliar, Frank Albright and an Indian. Sheriff B S Miller of Jefferson county, has been unremitting in his efforts to recapture the escaped prisoners and thus far, succeeded in recapturing the Indian, Albright and Foliar. The [illegible] prisoner was arrested a few days ago at Astoria by the city marshal of that place, Sheriff Miller having sent a description of the man. Yesterday evening Sheriff Miller arrived here from Astoria, having [illegible] in custody. Officer and prisoner will start for the Sound this morning.

THE CITY SEAL.—Over a month ago the common council adopted a design for a city seal. As the work could not be done in Portland it was necessary to send the design to San Francisco to have the die properly engraved. Some weeks ago the drawing was sent below and since that time nothing whatever has been heard of the seal. At the time it was said that the work could be accomplished inside of a week at the furtherest. There seems [illegible] unnecessary delay in executing the work in San Francisco. The fault does not rest with the auditor here, as he has done everything in his power to hurry matters along. However, the seal may be expected to arrive any time.

A GOOD ORDINANCE.—Only a few days ago there was a paragraph in THE OREGONIAN calling attention to the practice of dragging heavy timber over the streets and adverting to the damage resulting to the pavement. Acting upon the suggestions made in this journal, Councilman Lambert introduced an ordinance at the last meeting of the common council, which prohibits the dragging of lumber along the improved thoroughfares of the city. The ordinance was read three times and passed unanimously. The ordinance is an excellent one and its rigid enforcement will tend much to keep the streets in better condition.

A QUICK TRIP.—Last Tuesday morning the steamship Oregon sailed from this port for San Francisco with freight and passengers at about 5 o'clock. Astoria was reached at noon that day, and at 2 o clock the vessel crossed the bar. She arrived at San Francisco Thursday morning at 8 o clock, thus accomplishing the entire voyage from dock to dock in about *fifty one hours*. This is the quickest time ever made between these ports, considering the fact that the *Oregon* has just come from a very long voyage and is not in first-class running trim, better time may hereafter be expected of her.

[illegible] IN MISSOURI.—Yesterday we were shown a letter from Mr J. B Dexter a gentleman well known in this state, who is now a resident of Springfield, Missouri. Mr Dexter left here several months ago for the place above mentioned. He is now filling the position of government claim agent, and writes that he is well satisfied with his new situation. At the time of writing, Mr Dexter was enjoying a good degree of health, and his family was also well. Mr D was deputy [illegible] for some time under Mr J. B. Underwood, and is well known throughout this state.

REPAIRS NEEDED.—The hose cart of No 1 Engine Company has been out of repair for some time, so that the job of taking up the hose which was laid at the alarm last night occupied above an hour. Should an extensive fire break out in the city while the carriage is in this condition, and it should be necessary for the company to move its hose rapidly, the loss for lack of repairs might be a hundred fold what they would cost. The attention of the council committee has been called to the matter and we hope it will soon be attended to and the repairs made.

VESTRYMEN ELECTED.—At the parish meeting held in Trinity church Portland on Easter Monday, the following gentlemen were elected vestrymen for the ensuing year: Dr A. R. Wilson, Dr R. Glisan, Hon. Mathew P. Deady, C. H Lewis, George H Flanders, John McCraken, Lloyd Brooke, [illegible] Weeks, Wm H Effinger. The rector has appointed Dr Glisan rector's warden and the other warden will be elected when the vestry hold their first meeting on the first Monday in May.

CALENDAR.—According to the [illegible] the following is the calendar for May [illegible] second Sunday after Easter [illegible] Sunday after Easter; 19th fourth Sunday after Easter; 26th fifth Sunday after Easter; [illegible] Ascension Day.

FIRE ALARM.—About 7 o clock last evening an alarm was turned in at Box 12 and the department with a vast crowd of other citizens turned out instantly. It being a time when a large number of people were on the street. The cause of the alarm was a burning flue near the corner of Third and Alder streets but fortunately the flames which played out of the chimney at a lively rate for a little while died out without any service from the department and the excitement and rush was over in a few minutes.

BEING REFITTED.—Since the recent destructive fire at the corner of Washington and First streets work has been [illegible] on building and refitting the building, which was so badly damaged. All the interior of the building is being fitted up, replastered and repainted, while the exterior is now receiving a hands[ome] coat of paint. Prior to the fire the building had been occupied by Mr O'Connor the grocer. As soon as ready for occupancy Mr O'Connor will move back to his old stand.

FINE BELL.—The Oregon brass works have acquired an enviable reputation for the superior quality of their work and the promptness exhibited in filling out orders. Recently they received an order for a large handsome bell intended for the firemen of Astoria. It will be ready in a few days. It will weigh about 1 000 pounds and cost about $ [illegible]0. The money used to purchase this bell is the net earnings resulting from a fireman's bazaar recently held in Astoria.

STILL IN PROGRESS.—The important case of the United States vs W C Griswold has now been in progress in the United States district court for more than a week, and still bids fair to consume a number of days. Already a number of witnesses have been examined and the evidence is of a very voluminous character. Before the result is finally reached the jurors who are compelled to sit, hear, weigh and sift the testimony will be pretty well exhausted.

OVERHAULED.—Wednesday morning the steamer *City of Salem* came down from Oregon City, at which place the boat has been undergoing a thorough overhauling. The run from the Falls to this city was made in [illegible]0 minutes under a partial head of steam which may be regarded as very fair time. The steamer *Ohio* belonging to the same firm has also been overhauled and will soon be placed on the upper Willamette.

RED JACKET.—This little side wheel ferry boat which was purchased several years ago by Mr Joseph Knott and brought down from Salem has recently been completely overhauled and placed in the best possible condition for service. The *Red Jacket* is now under command of Capt Foster (a gentleman who was long connected with the Stark street ferry) and is used about the river for general towing purposes.

DECREE GRANTED.—In the state circuit court yesterday in the case of Brackett vs Brackett Judge Shattuck granted a decree dissolving the bonds of matrimony as prayed for by Mrs Brackett. The children were awarded to the care of the mother as asked for in the complaint. This case has been before a referee for some time and the testimony and findings were finally submitted to the court.

TO SAIL FOR PARIS.—Mr S G Skidmore who left San Francisco a few days ago en route for Paris is now somewhere east. He expected to stop at several places on the overland route and will arrive at New York in time to embark on the steamship *Baltic* which will sail for France on the 10th of May. Mr Skidmore will be accompanied by Messrs Levi White, Leon Vial and Jas Terwilliger.

GRAMMAR SCHOOL.—Says the *Churchman*: The Grammar school will be rebuilt this summer and will be opened for regular work in September. Owing to a want of funds, the building will not be made as large as the old one but according to the design which we have seen it will be a handsomer and more convenient one. Room will be made for twelve boarders and fifty day scholars.

SLIGHT MISTAKE.—In the published proceedings of the common council yesterday morning it is made to appear that Councilman Lambert made the motion to lay on the table the ordinance authorizing the city printing, the bids made by the several papers and all matters pertaining thereto. Councilman Simon made the motion and not Mr Lambert.

PICNIC.—There will be a May picnic and children's festival at Canyon Garden this day one week, 10th. Extensive preparations are being made, and a very enjoyable time may be anticipated.

A Wonderful Cure of Pneumonia and Brain Fever.

I Thomas Eddy a moulder of Portland Oregon being duly sworn do depose and say—that I was taken sick about eleven weeks ago in Portland Oregon with what is called pneumonia of the lungs. I called a physician and was removed to the hospital. I was told that my left lung was badly affected. After lying at the hospital for three or four weeks my chest and abdomen commenced to swell and I got awful sore in my left side. I had a terrible cough and my breathing was painful and very labored.

One day at the hospital I asked the Doctor to make another examination which he did. He said nothing to me about my case then. I asked my attendant to ask the Doctor about my case. I would lose my left lung that I was going. I never had any encouragement about getting up.

My chest and abdomen were swollen to an enormous size. My attendant told me my medicine was to give me an appetite. I gave myself up and was brought home. I then called Dr R H Price. He made an examination of me. He told me I had dropsy of the chest, that the liver was pressed back by the amount of water filling the abdomen. The air cells of the left lung were completely filled with water suspending breathing in that lung. That the left lung could be saved if the water could be taken away. If an abscess could be formed to draw off the water. I had a terrible cough coughing incessantly. In a single night I have discharged as much as a quart of matter.

After being treated by Dr R H Price for five or six days an abscess formed and was opened by Dr Price on the 22d of April. The discharge was about a quart the first time mostly matter. The swelling reduced rapidly and in eight days after the abscess was opened I rose from my bed and walked about the room. I have been gaining strength ever since and expect to be up and about in a short time. I breathe freely in both lungs.

I would also state that our child twenty months old was attacked with brain fever induced by hard teething, that she was unconscious for about eight days. Dr Price was called to treat her same time as he commenced to treat me. All the neighbors who saw our child said it could not live. Under the treatment of Dr R H Price she is now convalescing rapidly.

I consider that I owe my recovery and that of our child to the skillful treatment of Dr R H Price and feel impelled by a sense of gratitude and justice to him to make this affidavit.

APPOINTMENTS OF DR. C M. WOOD

THE CELEBRATED MAGNETIC PHYSICIAN WHOSE WONDERFUL CURES HAVE BEEN PUBLISHED IN THE OREGONIAN

By request of citizens from all parts of the Willamette valley Dr C M Wood will visit the following places and treat disease by magnetism. Persons desiring treatment must present themselves on the first or second day of the appointment or their cases will not be treated.

Salem—From April 29th to May 8th at Chemeketa Hotel.

Albany—From May 9th to the 14th at St Charles Hotel.

Eugene—From May 15th to the 21st.

Roseburg—From May 22d to the 29th.

Corvallis—From May 30th to June 5th. Office at leading hotel.

Another of Dr. C M Wood's Marvelous Cures.

PORTLAND April 23 1878

To the citizens of Oregon I make the following statement for publication. On the 2d of February 1878 my little boy William then 3 years and 6 months old was stricken with total paralysis at 12 o clock at night for which I could assign no reason whatever. He remained totally helpless from the body down for two days with no apparent change. He had a high fever, limbs badly swollen, ate nothing and so great was his pain that his night clothes could not be removed from him as the least movement caused the most excruciating pain. In this hopeless condition I took him to Dr C M Wood magnetic physician of Portland who perfectly restored our boy in six treatments (consecutively) and at this writing he remains perfectly well and hearty and has never had a symptom of the disease since.

Cure of Lumbago in a Single Treatment —Card from Mr Jos Buchtel

PORTLAND, April 24, 1878

I wish to make the following statement: I had suffered from lumbago in my back for three years and all medicine failed to relieve me in any degree. My pain was very severe, suffering constantly. In this condition I received one treatment from Dr Wood Magnetic Physician, of Portland and up to the present time have never felt any pain in my back. I consider myself perfectly cured.

An Astonishing Fact.

A large proportion of the American people are to day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western Continent.

IT HAVING COME TO OUR KNOWLEDGE UPON undoubted authority that certain parties actuated by malice and jealousy are endeavoring to injure us in our business by false and malicious statements we take this method of informing the public that when second hand dealers or others who consider us in their way come to them and tell them that if they send their goods to us or allow us to sell them at their residences they will get nothing for them, these men state what they know to be untrue. We can always get better prices by from 10 to 50 per cent than second hand dealers can afford to pay, and if people will only stop to reason they will be convinced that it must be so. FINANCE AND COMMERCE

Financial.

THURSDAY EVENING May 2 1878

Gold in New York 100 ¼

Legal tenders in Portland—buying 99 selling par

Silver coin 2@2½ per cent. discount

Business of a financial character both at the banks and by outside parties is moderately active and with the fair supply of loanable funds on hand the inquiry for accommodations is met and satisfied without pressure. Rates on loans and discounts show perhaps a little firmer tone than at the beginning of April but there has been no quotable advance

The Washington dispatches to lay indicate a strong feeling in the senate in favor of the passage of the bills to repeal the specie resumption act and the bankrupt law It had been hoped by the friends of a sound currency the currency of the great commercial nations of the world that the legislators of this country would let the finances rest awhile as they seemed to be getting on amazingly well under the circumstances but until the fallacious views of some senators and representatives are corrected or the members themselves are laid in their political graves the country will have to bear the affliction of the continued agitation

Domestic Produce

The volume of business in this line during the week has not been very large as in all leading products the surplus in the country is presumed to be well nigh exhausted at this season of the year This is true of wheat, oats ripe fruits potatoes etc., in all of which a falling off in receipts is noticed. Wheat has been dull and none but millers who have orders to fill seem to be anxious purchasers the uncertain condition of the market in the near future rendering speculations extremely hazardous at this time. The Liverpool and San Francisco markets have changed but little for several days past, and any firmness that may have been shown one day under war dispatches from Europe are dispelled the next by reported favorable progress of peace negotiations and vice versa. Hence would-be purchasers are as backward as ever and holders show no more inclination to sell The Barracouta is under charter and will perhaps load partially with wheat, and make up with flour and salmon, for Europe. Up to the present but little has been done in the way of providing for the movement of the new crop which all reports still claim will be the largest by 20@25 per cent, ever produced in Oregon Flour is not in large supply for the season, and prices are steady at the figures ruling for a month past.

Oats under the reduced prices are coming forward somewhat slowly, most holders contending for 45 cents per bushel which is a shade above the extreme views of buyers for shipment, and exports are light. There is a fair demand for the city trade and some call for points to the north but the seeding season being about past and green feed coming on rapidly, the demand is at least not likely to materially improve before harvest.

Provisions are in fair request, especially choice bacon, and the best lots often command rather better quotations than have been noted for some time past Lard is well supplied and sells freely at the quotations given Dairy products are abundant and prices show generally a downward tendency, except for choice dairy butter, which for the local trade is sold at nearly the same figures ruling during the winter months but ordinary lots are decidedly cheaper and more difficult to place. Eggs have sold to the jobbing trade steadily at 20 cents for the whole of the past week and are still held at that price, but shippers will not pay so much by 2@4 cents

Potatoes have been steady at our former quotation, the market showing a firm tone up to to-day, when there seems to be some disposition on part of buyers to weaken, but holders have not conceded any reduction A decline, however is not unlikely, and parties who have them on hand will do well to sell immediately as there is not much likelihood of higher rates, but a strong probability of lower.

Other products are generally in light receipt and prices steady at the quotations given.

Home Produce Market.

WHEAT—The market is quiet, shipments and receipts being light, most of the latter being taken to fill orders by millers, who pay $1 90@1 95 per cental for good lots for their purpose.

FLOUR—Supplies are light and prices steady at $5 50@5 75 in jobbing lots, while small lots are held at $6 for standard extras. Good country brands are quotable at $5@5 25, superfine $4 50 per barrel

BARLEY—The receipts, which are quite light, are all taken for local consumption at $1 40@1 50 per cwt. No shipments are being made.

MILL FEED—Supply fair, bran quotable at $22 50 per ton, shorts $30, middlings $33@37 50

POTATOES—Buying and selling at $1 85@1 65 with a weaker tone to the market and apprehensions generally of a decline.

HAY—Receipts continue quite adequate to the demand, prices range from $10@11 per ton for baled timothy and $8 50@9 for loose do

ONIONS—In fair demand for the local trade, and for shipment, quotable at $2 per ℔ for best varieties.

BACON—The demand for good new is quite brisk and prospects for the trade improved Sides are quoted at 10@10½c per ℔ shoulders 7@7½c hams, 11@12½c for fair to good sugar cured 15c.

DR. PAUL M. BRENAN.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases.

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS public and private lectures the true principles of health and life to both male and female He has also warned them against habits that would be likely to produce disease in plain and comprehensive language But where he has found them crushed and broken down by disease mentally and physically he has restored them to health and happiness for it is well understood that without health there can be no happiness

DR BRENAN has made a specialty in the treatment of the following diseases Catarrh Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself Diseases of the Kidneys and Urinary Organs including Spermatorrhea, Seminal Weakness or premature loss of Manhood In the treatment of these diseases he has made a world wide reputation by his astonishing success not only on this Coast but throughout the whole United States. Diseases of the stomach bowels liver and kidneys as well as all diseases of the blood and skin he has become master of and never fails to give relief at once and permanently cures the case if he is applied to in time

THE DOCTOR HAS GIVEN SPECIAL LECTURES to ladies only for years and is perfectly familiar with all female complaints and understands their delicate and refined organization as well as the proper remedies which should be used to allay their suffering and restore them to perfect health

THE DOCTOR HAS THIS ADVANTAGE over most physicians—he can tell the patients disease the moment he comes in contact with them without any aid from the individual This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand and the patient need not fear the result.

DR. BRENAN will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally and will forward the proper medicines or instruments to any part of the country with full instructions and advice. Each letter requiring advice or list of questions must contain two postage stamps

Everything strictly confidential and honorable

THE DOCTOR has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify

CAUTION.

Persons coming to Portland requiring medical treatment of the proper kind who desire to consult with me, will please beware of persons who may try to coax them away to other so called Doctors through pretended friendship for the patients Look out for them they are knaves, prompted by selfish motives and what they can make Be sure and ask for DR.
